

Pete isn't now serving a church full time -  
although an active layman - we took two years off  
to establish a business & to get our finances straightened out.  
all is working well. Hope you get this worked out in your favor  
Bud

SUBJECT: CO Application for Peter Cardinal

Dear Sirs;

As Assistant Pastor of the Green Bay United Methodist Church for a year Pete was active in the church group and it gave me chance to know him and also to confer with him about the draft alternatives as I was also working at the University as an official draft counselor.

The task of a Draft counselor is to help youth know the law, the alternatives without making a decision for them which direction to take.

Pete has been a most dedicated church member and actively participated in many phases of church life. He is a young man with deep Christian convictions and has for some time felt he must take the stand of CO because of his beliefs.

Although I have not seen him ~~for over a year~~ for over a year I doubt if these basic teachings which permeate his folks home and their life have changed.

When you are brought up to live reconciliation, love of enemies, concern for your neighbor and use always of peaceful means to accomplish your desired ends, Pete feels I am sure this cannot line up with military action and attitude or future expectations that would be placed upon him. I sure his final decision to go ahead and make this stand is result of years of training and living.

I would certainly recommend that he be granted this status.

Sincerely,

Bud C Wilder
